Module Title Credits

ELECTIVES (GENERAL) AND LIFE SKILLS MODULES

For details, click here

Note: The offer of electives is subject to the training schedule of respective ITE Colleges. Students are advised to check with their Class Advisors on the availability of the elective modules they intend to pursue.

MODULE OBJECTIVES

Core Modules

Shampoo & Head Massage

On completion of this module, students should be able to perform shampooing at basin, seated shampoo, massage scalp, neck and shoulder, and tower dry hair.

Makeup 1

On completion of this module, students should be able to provide day, evening, and camouflage makeup.

Basic Hair Colouring 1

On completion of this module, students should be able to colour virgin hair.

Basic Nailcare

On completion of this module, students should be able to perform manicure and pedicure service, and provide hand and foot massage.

Communication for Salon Business

On completion of this module, students should be able to apply essential communications skills to build professional relationships, carry out reception duties, consultation service and prepare workplace documents.

Basic Hair Upstyles

On completion of this module, students should be able to perform upstyles.

Blow-dry & Styling

On completion of this module, students should be able to blow-dry various lengths of hair.

Basic Facial Treatment 1

On completion of this module, students should be able to provide basic facial treatment and shape eyebrows.

Social Media Marketing

On completion of this module, students should be able to prepare and execute e-marketing plans on social media platforms.

Customer Service & Selling

On completion of this module, students should be able to manage customer's needs, wants, expectations and feedback, promote products and services, and provide service recovery to customers.

Salon Operations & Management

On completion of this module, students should be able to handle and supervise the daily operation of a salon.

Essential Oil Studies

On completion of this module, students should be able to blend essential oils and provide aromatherapy facial treatment.

Basic Facial Treatment 2

On completion of this module, students should be able to extract skin blockages and provide electrical facial treatments.

Makeup 2

On completion of this module, students should be able to provide bridal, stage and photography makeup.

Nutrition & Lifestyle for Wellness

On completion of this module, students should be able to conduct client consultation and recommend healthy diet and lifestyle plan.

Aesthetic Electrotherapy 1

On completion of this module, students should be able to provide electrotherapy treatments.

Nail Art & Extensions

On completion of this module, students should be able to provide nail art service and extension, as well as maintain and repair artificial nail extension.

Aesthetic Electrotherapy 2

On completion of this module, students should be able to provide electrotherapy treatments.

Introduction to Cosmetic Science

On completion of this module, students should be able to use basic formulations to prepare cosmetic products using fragrances and packaging to enhance the aesthetic properties of the cosmetic products.

Industry Attachment

On completion of this module, students should be able to apply the skills and knowledge acquired to take on a range of job scope at the company.

Cross Disciplinary Core Modules

Smartphone Portraiture

On completion of this module, students should be able to capture captivating portraits using smartphones, leveraging on the capabilities of their smartphones to create professional-quality portraits, mastering composition, lighting, posing, and editing techniques.

Event Planning

On completion of this module, students should be able to conceptualise, plan and execute a wide range of events.

Electives (Course Specific)

Special Effects Makeup

On completion of this module, students should be able to create very realistic looking special effects makeup.

Hand & Foot Spa

On completion of this module, students should be able to provide hand and food spa service as an enhancement treatment.

Eyelash Extension

On completion of this module, students should be able to provide eyelash extention service including the proper handling of safety and hygiene practices.

Spa Service

On completion of this module, students should be able to provide basic body scrub, body wrap, thermal and hydrotherapy treatments available in spas to enhance client well-being.

Swedish Therapy

On completion of this module, students should be able to provide basic body massage using a variety of classical massage movements according to client needs.

Hot Stone Massage Therapy

On completion of this module, students should be able to provide hot stone body treatment using a combination of classical massage movements and heated stones.

Waxing Treatment

On completion of this module, students should be able to perform hair removal waxing treatments.
