

NITEC IN APPLIED FOOD SCIENCE

Electives (Course Specific)

Food Packaging

On completion of the module, students should be able to select suitable packaging materials, perform quality tests/check for packaging materials as well as assess the effectiveness of applied packaging technology on food product shelf life.

Product and Process Development

On completion of the module, students will be able to plan and design tasks specific to a project and perform planned tasks according to the project plan. They will also be required to prepare a report and orally present the data and results collated from their project.
