

NITEC IN FLORISTRY

Electives (Course Specific)

Creative Flower Arrangement

On completion of the module, students will be equipped with skills and knowledge to design and create flower arrangements and topiaries, and perform leaf manipulation.

Advanced Floristry Techniques

On completion of the module, students will be equipped with skills and knowledge to design and create table arrangements, hand-tied bouquets, flowers to wear and carry and room decorations with floral structures.

Electives (Inter-disciplinary)

Basics of Personal Finance

On completion of the module, students should be able to analyse basic financial information needed to choose between financial alternatives and compare the consequences of their decisions. Students would also be able to better budget their money, save for the future, and realise their financial objectives.

Entrepreneurship Essentials

On completion of the module, students should be able to source new information from multiple sources, brainstorm ideas to find novel approaches to draft out a business plan through identifying business opportunities and applying marketing mix strategies with sound financial analysis.

Digital Storytelling

On completion of the module, students should be able to create various Electronic Direct Mailers (EDMs) to sell a product or service with an associated story tagline.

Robotic Process Automation for Business

On completion of the module, students should be able to appreciate the applications of Robotic Process Automation (RPA) and be equipped with RPA skills to automate repetitive business processes and operations.
