ITE Early Admissions Exercise (2026 Intake)
(For *Nitec* students progressing to *Higher Nitec* course)

Full-Time *Higher Nitec* Courses & Entry Requirements

Course Duration

The full-time *Higher Nitec* courses offered under ITE EAEP are 2-year courses, except for the following courses:

- *Higher Nitec* in Culinary Arts: 1 year
- *Higher Nitec* in Pastry & Baking: 1 year
- *Higher Nitec* in Precision Engineering: 1 year

Minimum Entry Requirements

Applicants must achieve the minimum final **NET** Grade Point Average (GPA) (including CCA bonus points) in their *Nitec* course as shown in the table of courses, in order to be eligible for admission to the *Higher Nitec* courses. If an applicant has obtained a conditional offer under ITE EAEP but his/her final *Nitec* GPA is below the minimum requirement, his/her conditional offer may be revoked.

For the following *Higher Nitec* courses, only students progressing from specific *Nitec* courses given in the table will be considered:

- *Higher Nitec* in Culinary Arts
- *Higher Nitec* in Pastry & Baking
- *Higher Nitec* in Precision Engineering

Notes:

① In line with industry requirements, applicants applying for these courses must ensure that they are free from colour appreciation deficiency. Colour Vision Test will be conducted for applicants enrolled into these courses. Colour Vision Test is available over the Internet at https://colormax.org/color-blind-test/ and at the ITE Colleges conducting these courses. Please take the test before submitting your application if you are not sure whether you have colour appreciation deficiency.

② Direct entry to 2nd year of this course is offered for 2026 intake under NCHN.

Nitec students who wish to apply for direct entry to second year of Higher Nitec courses should apply to Higher Nitec courses that are mapped to their Nitec course. Successful ITE EAEP applicants will be given a conditional offer for admission to the first year of the Higher Nitec course. Subsequently, students who meet the GPA requirement for direct entry to second year of mapped Higher Nitec courses will be

considered for direct entry to second year (subject to merit and vacancies) alongside other *Nitec* students who applied through the *Nitec* Progression to *Higher Nitec* Intake Exercise (NCHN). *Nitec* students seeking direct entry to the second year of a *Higher Nitec* course should note that the ITE EAEP conditional offer does not guarantee admission to the second year of the *Higher Nitec* course, even if their final *Nitec* results meet the eligibility criteria as places are limited and subject to open competition among all eligible applicants.

For the following *Higher Nitec* courses, applicants who are posted to direct 2nd year admission for 2026 intake under NCHN will be enrolled into the *Higher Nitec* course with existing course title, instead of the revised/merged course title:

⑥ All prospective healthcare students must be fully vaccinated against COVID-19 with a vaccine regime recognised in Singapore. Those who are Medically-Ineligible will be subjected to prevailing MOH and healthcare institutions' policies. Those who are Medically-Eligible but wish to remain unvaccinated may not be able to access the healthcare and community care settings to complete their Industry Attachment Module and meet the compulsory internship requirements necessary for graduation or their course completion may be delayed due to restrictions on internship posting to the industry.

Due to the special requirements of the healthcare profession and in the delivery of direct patient care, all applicants for this course have to pass a pre-admission medical examination and be free from physical and mental handicap to ensure suitability. Whilst not comprehensive, the following medical conditions will lead to non-acceptance into the course:

- Epilepsy
- Legal Blindness
- Active Tuberculosis
- Profound Deafness
- Psychiatric Condition
- Uncontrolled Diabetes
- Uncontrolled Hypertension
- Uncontrolled Asthma
- Mobility Restricted (Hindering Performance)
- Physical Dependence upon Mobility Equipment

⑦ All prospective healthcare students must be fully vaccinated against COVID-19 with a vaccine regime recognised in Singapore. Those who are Medically-Ineligible will be subjected to prevailing MOH and healthcare institutions' policies. Those who are Medically-Eligible but wish to remain unvaccinated may not be able to access the healthcare and community care settings to complete their clinical posting and meet the clinical training requirement necessary for graduation or their course completion may be delayed due to restrictions on clinical training.

Due to the job-specific requirements of the healthcare profession in the delivery of direct patient care, all applicants have to pass a pre-admission medical examination and fulfil 'Fitness to Practice Advisory' for nursing student stipulated by the Singapore Nursing Board:

FITNESS TO PRACTICE ADVISORY FOR NURSING STUDENTS

As the delivery of direct patient care is a requisite of healthcare professions, all applicants must pass a medical examination and be certified to have the following abilities to perform patient care activities in a safe and effective manner:

1) *Mental-Cognitive ability (interpersonal-communication ability and behavioural stability) to:*
   (a) *provide safe care to populations, including safety to self*
   (b) *demonstrate emotional-behavioural stability to function under the stress and pressure when performing nursing care on patients*
   (c) *being observed by instructors and other health care personnel during clinical practice attachments.*

2) *Physical ability* to:
   (a) move around in the clinical environment, walk/stand, bend, reach, lift climb, push and pull, carry objects
   (b) perform patient transfers and complex sequences of hand-eye coordination.

3) *Auditory ability* to:
   (a) hear faint body sounds
   (b) auditory alarms
   (c) normal speaking level sounds (i.e. blood pressure sounds, monitors, call bells and person-to-person report).

4) *Visual ability* to:
   (a) detect changes in physical appearance, colour and contour
   (b) read medication/ drug labels, syringes, manometers, written and electronic communication accurately.

The above required abilities are stipulated in consultation with Singapore Nursing Board to ensure nursing students are fit to practise when they apply for enrolment upon graduation from the nursing programme.

Interested applicants with known condition(s) or unsure if their condition(s) may affect their ability to deliver safe and effective patient care are highly encouraged to contact ITE College East at college_east@ite.edu.sg for more information.

⑧ Eyecare practitioners are required to provide care, consultation and management of a patient's vision through eye tests and effective communication. Therefore, good interpersonal skills and good psychomotor ability is required. All applicants for this course must possess the following abilities to perform direct eyecare on clients safely and effectively:

   • **Mental-Cognitive ability**, including interpersonal-communication, emotional-behavioural stability to function under stressful work environment, and provide safe eyecare to clients.
   • **Physical ability** to move around in a clinical/retail environment, including standing during service delivery.
   • **Auditory ability** to communicate with patients under normal speaking level sounds.
   • **Visual ability** to read small print on ophthalmic trial lenses and digital display on instruments.

Please refer to the Ministry of Health (MOH) website on "Fitness to Practice" for registered Opticians, stipulated by the Optometrists and Opticians Board. Interested applicants with such conditions are highly encouraged to contact ITE College East at college_east@ite.edu.sg for more information.

⑨ In line with industry requirements, applicants applying for this course should ensure that they do not have acrophobia (fear of heights).

⑩ For all courses:

   (I) All *Higher Nitec* courses comprise 6 months of Industry Attachment.

   (II) As all ITE courses will incorporate online learning as part of lesson delivery, students are advised to have access to a PC/Laptop for their learning. Financial assistance is available to eligible students under ITE Opportunity Fund to purchase PC/Laptop subject to terms and conditions.
