

# Travel with us!

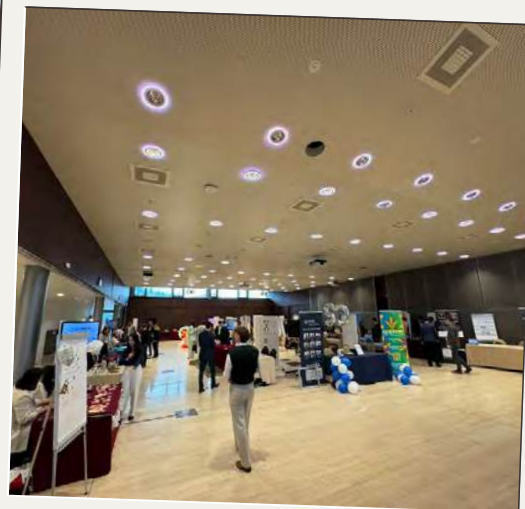

## Pioneer batch of Technical Diploma in Hospitality & Hotel Management students head to Switzerland for a two-week stint at the EHL campus!

The Swiss Experience is an opportunity given to ITE's Technical Diploma in Hospitality & Hotel Management students. In September 2024, 24 students from the pioneer batch headed to the EHL campus in Lausanne for a two-week programme. There, the students experienced what the 'Swiss standard' is like. Follow them to see what they did while there!

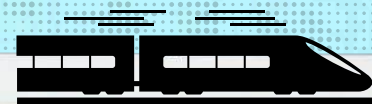

22/09

Excited and all ready for our Swiss adventure!

Checked out the EHL campus grounds, where we will be staying for the next two weeks

Train ride – the interior was so pretty and the scenery was 🔥

It's snowing!

After many, MANY, hours of travelling... we are here!

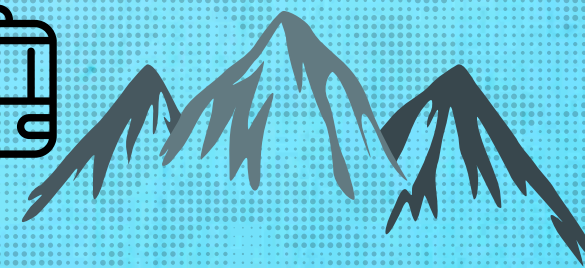

Hiked to Lake Retaud and met a few locals

Finally made it to Glacier 3000

When life gives you snow, make snowmen!

Squeezed in a day trip to France

The immersion programme let us explore Swiss culture and understand their high standards of hospitality. It motivated me to apply what I learnt and ignited my passion for my course.

Overall, this experience has shaped my career goals and made me a more well-rounded individual. I'm now ready to tackle challenges with a fresh perspective!

A must-try while in Switzerland - cheese fondue. Cheese lovers unite!

It's not all play and no work!  
Project discussions aplenty

Royal Savoy Hotel & Spa Lausanne - so posh! Built in 1909 and restored in 2015

Sending serious vibes

I learnt about Swiss hospitality through first-hand experiences at the shops, restaurants and on campus. The visit to the Royal Savoy Hotel was a highlight! The academic modules were surprisingly fun, especially the hotel management project, which involved making complex decisions with my group.
