

## Uplifting Skills, Advancing Careers

On 22 November 2023, ITE celebrated the graduation of 441 trainees from 28 Work-Study Diploma (WSDip) courses.

The 28 top graduates of these courses were each presented a course medal by Second Minister for Education, Dr Maliki Osman.

At the event, ITE also announced the launch of five new WSDip courses in 2024 – namely the (i) WSDip in Accountancy; (ii) WSDip in AI & Data Intelligence; (iii) WSDip in Electronics & Computer Engineering; (IV) WSDip in Nursing; and (V) WSDip in Tourism Management.

This brings the total number of WSDip courses offered by ITE to 42.

## Creating More Inclusive Workplaces

The Empowering Inclusivity for Workforce and Workplace Conference was held at ITE College Central on 16 November 2023.

The Conference was organised by the Polytechnic-ITE Special Educational Needs workgroup and disability support organisations, SG Enable and SPD.

It brought together employers, educators and representatives from social service organisations to discuss best practices in enhancing employment support for persons with disability and students with special educational needs.

Minister for Manpower, Dr Tan See Leng, officiated the opening of the Conference.

ITE students will get to learn more about fields such as green digital transformation and extended reality content creation, through a new Sustainability Lab and eXtended Reality Centre at ITE College East.

The facilities were established as part of ITE's new collaborations with Lenovo and Advanced Micro Devices (AMD).

The partnership agreements were signed on 31 October 2023, at the Singapore Week of Innovation and Technology event.

ITE has renewed its partnership with digital services company, Potato Productions, which covers training in the fields of digitalisation, artificial intelligence and automation development.

Under this collaboration, Potato Productions will offer scholarships, internships, and employment opportunities to ITE students.

Senior Parliamentary Secretary for Culture, Community and Youth & Social and Family Development, Mr Eric Chua, witnessed the partnership signing on 22 November 2023.

At the event, he also witnessed the launch of a "River Valley Irregulars" online platform founded by an ITE alumna, Sheila Manokaran, which connects youths to internship opportunities.

## Driving Sustainability Education

On 3 November 2023, ITE signed a Memorandum of Understanding (MOU) with Deloitte to collaborate in developing and offering courses on sustainability reporting for adult learners.

These include three new Certificate of Competency (CoC) courses on sustainability, which will be launched in January 2023.

As part of the collaboration, ITE and Deloitte will also jointly set up a Centre of Learning for sustainability reporting and carbon accounting.

## Clinching Top Honours for Green Buildings

For achieving high energy savings, ITE College East was awarded the Building and Construction Authority (BCA) Green Mark Platinum Super Low Energy Award in November 2023.

This is the first time that an ITE campus has received the Award, which recognises buildings that feature best-in-class energy efficiency and intelligent energy management practices. It is one of the highest accolades for energy efficiency in the BCA Green Mark Award scheme.

# ITE Service Star Award INDIVIDUAL

Celebrating Staff Innovation and Excellence

## Smartathon 2023 Winner

Sustainability

On 2 November 2023, the annual ITE Care and Innovation Fiesta was held to recognise staff innovation and excellence.

A total of 61 Innovation Awards and eight Service Star Awards were presented to individuals and teams at the event.

These included the CEO Innovation Award, ITE Dare to Do Award, ITE Innovation Star Award, ITE Outstanding Innovator Award, ITE Service Star Award, ITE SkillsFuture Award, as well as the Smartathon Award for the top three teams of Smartathon 2023.

Well done to all winners!

## Showcasing ITE's Learning Environment

The ITE Parents' Seminar was held at each of the three ITE Colleges in November 2023, for parents of graduating N-Level students to find out more about ITE's educational offerings.

More than 2,300 visitors attended the Seminar. They were given a tour of ITE's facilities and had the opportunity to chat with lecturers to find out more about ITE's courses.

The annual Seminar serves to help parents appreciate ITE's offerings and guide their children in making the right course choices.

## Digital Skills for a Green Cause

Over 600 ITE students took part in the ITE Digitalisation and Sustainability Challenge 2023, which required them to use digital skills to develop innovative solutions for sustainability development.

The competition featured two categories – namely "Data Analytics" and "Artificial Intelligence and Automation". Using these technologies, the 206 participating teams developed ideas that included ways to reduce energy consumption, as well as food and water wastage.

The competition aimed to hone the digital competencies of students, while supporting the Singapore Green Plan 2030.

The winning teams were announced at the Finale on 15 November 2023.

Congratulations to the winners!

## Progress with ITE Diplomas!

**ANWARHAQAM BIN ABDUL LATIFF**

Operations Team Leader  
Markono Logistics Pte Ltd

**Graduated in 2023**  
ITE Work-Study Diploma  
in Logistics & Supply  
Chain Management

**Graduated in 2017**  
Higher Nitec in Accounting

*The WSDip training has honed both my technical and soft skills, making me more confident.*

*I valued the classroom learning on campus, where I could get together with coursemates from other companies to exchange knowledge and experiences.*

*That helped me broaden my perspectives and contribute more effectively at work.*

*Today, I hold a leadership role within my company, guiding others while developing my skillsets.*
