

NITEC IN HAIR FASHION & DESIGN

MODULE OBJECTIVES

Core Modules

Salon Procedures

On completion of the module, students should be able to maintain good hygiene practices, perform salon reception activities, maintain clients' records, handle payments, perform inventory control, display and promote salon merchandise and services, assist in handling accidents and emergencies, and perform general housekeeping.

Shampoo and Head Massage

On completion of the module, students should be able to perform shampooing at basin, seated shampoo, massage scalp, neck and shoulder, and blow-dry hair.

Basic Hairstyling

On completion of the module, students should be able to style various length of hair ranging from short to long with the use of finishing styling products and tools such as blow-dryers, flat irons and curling tongs.

Basic Haircutting

On completion of the module, students should be able to perform blunt and uniformed layered haircuts.

Basic Hair Colouring

On completion of the module, students should be able to perform virgin hair colouring, grey hair colouring, and root and re-growth applications.

Customer Service in the Salon

On completion of the module, students should be able to display professional business etiquette, interact with customers and colleagues, cultivate rapport with customers, manage customers' needs and expectations, provide service recovery, and obtain customer feedback.

Advanced Hair Colouring

On completion of the module, students should be able to perform highlighting and lowlighting, bleach and tone hair, and basic hair colour correction.

Advanced Haircutting

On completion of the module, students should be able to perform graduated cuts and men's haircuts.

Hair Perming

On completion of the module, students should be able to perform hair perming, and rebonding.

Hair and Scalp Care

On completion of the module, students should be able to analyse and treat hair and scalp problems, and recommend follow-up actions.

On-The-Job Training I

On completion of the module, trainees should be able to apply and integrate Year 1 skills and knowledge acquired at ITE Approved Training Centres, and further develop competencies at the workplace.

On-The-Job Training II

On completion of the module, trainees should be able to apply and integrate Year 2 skills and knowledge acquired at ITE Approved Training Centres, and further develop competencies at the workplace.
