

WORK-STUDY DIPLOMA IN COMMUNITY CARE INTEGRATION & MANAGEMENT

MODULE OBJECTIVES

Activities of Daily Living

On completion of this module, trainees should be able to conduct and supervise Activities of Daily Living (ADL) training and intervention.

Healthcare Administration & Operations

On completion of this module, trainees will be able to manage healthcare operations and administrative duties, including stakeholder relationships, client services, and documentation processes.

Therapeutic Interventions

On completion of this module, trainees should be able to conduct and supervise basic therapeutic exercises and treatment.

Care Management

On completion of this module, trainees should be able to explain the framework and processes of care management for assessing clients' needs and contribute to the care management.

Assessment & Screening

On completion of this module, trainees will be able to perform health assessments, monitor patient responses, manage contraindications, and conduct functional and cognitive evaluations using standardized assessment tools including the Modified Barthel Index and Mini-Mental State Examination.

Community Reintegration

On completion of this module, trainees should be able to assess preliminary environmental risks, conduct community reintegration activities, and evaluate outcomes using standardised assessment tools.

Leadership, Supervision & Engagement

On completion of this module, trainees should be able to lead and supervise a team of care workers and caregivers through effective communication and collaboration

Quality Care Delivery

On completion of this module, trainees should be able to plan, conduct and supervise the delivery of quality care plan for various clients.

Company Project

On completion of this module, trainees should have applied their acquired competencies in an authentic project that would value-add to the company.

On-the-Job Training

On completion of this module, trainees should be able to apply the skills and knowledge acquired at ITE College and workplace to take on the full job scope, including supervisory function, where appropriate, at the company.
