

## Training Fees for Full-time *Higher Nitec* and *Nitec* Courses for Academic Year 2019

### For existing students admitted in AY2018

Since Academic Year 2014, ITE has adopted a **cohort-based fee structure** for full-time *Nitec*, *Higher Nitec* and Technical Diploma courses. Under the structure, a student's tuition fee will remain unchanged for the entire duration of the course. With this, students will have greater certainty regarding the tuition fee and can better plan the financing of their studies.

Course	Category	Fees Per Term (AY2019 Fees)				Total Per Term <sup>6</sup> (e) = (a)+(b)+(c)+(d)	Total Per Academic Year <sup>6</sup> (f) = (e)×2

#### Note:

- 1) The above training fees apply to existing students admitted in *Higher Nitec* and *Nitec* courses in the AY2018 intake.
- 2) One term is for a duration of six months.
- 3) Students are required to pay their term fees for all terms by the stipulated dates in order to remain in their course of study. For subsequent terms, students are required to pay their fees through PSEA or GIRO.
- 4) Full-time International Students studying in ITE are required to participate in the Group Hospitalisation and Surgical Insurance [GHSI(IS)] scheme, and the insurance premium will be included in the fees at the start of each academic term. The purpose of the GHSI(IS) is to help defray the hospitalisation expenses for International Students in the event that they are hospitalised. The GHSI(IS) amount payable is subject to yearly review. For International Students in the *Nitec* in Nursing and *Higher Nitec* in Paramedic & Emergency Care courses, the GHSI(Healthcare) rate stated in note 5 will apply instead.
- 5) All students in the *Nitec* in Nursing and *Higher Nitec* in Paramedic & Emergency Care courses are required to participate in the GHSI(Healthcare) scheme which will cost \$13.00 per term (rate applicable for AY2019) for insurance premium. This amount will be included in the fees at the start of each academic term. The GHSI(Healthcare) provides coverage for hospitalisation expenses plus an outpatient rider for clinical attachments. GHSI(Healthcare) rate payable is subject to yearly review.
- 6) The total fees per term per academic year shown in the table are for students in full-time *Nitec* and *Higher Nitec* courses (excluding *Nitec* in Nursing and *Higher Nitec* in Paramedic & Emergency Care). For *Nitec* in Nursing and *Higher Nitec* in Paramedic & Emergency Care students, the total fees per term per academic year are different after consideration of the specific GHSI(Healthcare) rate.
- 7) Fees are charged based on citizenship at the point of term commencement. Students who have officially informed ITE of their citizenship change to Singapore Citizen or Singapore Permanent Resident before the term commencement will have their fees adjusted to the Singapore Citizen/Singapore Permanent Resident rate for that term. However, for students who inform ITE officially of their citizenship change to Singapore Citizen or Singapore Permanent Resident after the term commencement, their fees will be adjusted to the Singapore Citizen/Singapore Permanent Resident rate only with effect from the following term.
